**Management Discussion and Analysis**

As of and for the Year Ended December 31, 2004

This section of the Drainage District's annual financial report presents our discussion and analysis of the Drainage District's financial performance during the fiscal year that ended on December 31, 2004. Please read it in conjunction with the Drainage District's financial statements, which follow this section.

**FINANCIAL HIGHLIGHTS**

- The Drainage District's cash increased by \$ 5, 248.84 over the prior year ending balance.
- Accounts receivable increased by \$ 1,154.86 for the current year.
- Accounts payable increased by \$ 1,141.92.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts – management's discussion and analysis, the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements:

- Balance Sheet – consisting of all governmental fund types.
- Statement of revenue, expenditures, and changes in fund balance - consisting of all governmental fund types.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

**FINANCIAL ANALYSIS**

The Drainage District has a very small operation. The maintenance and repair of the levees and the pumping station and the utilities to operate the pumps are the major expenditures of the Drainage District. All expenditures remained consistent with prior years. The net assets of the Drainage District increased when the effects of depreciation are removed. The revenues of the Drainage District are assessed on a yearly basis, which gives the effect of cash in and cash out type of entity.

**BUDGET HIGHLIGHTS**

The Drainage District's budget was approved according the Louisiana Governmental Budget Act. There were no amendments to the budget.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The Drainage District's budgetary outlook for 2005 is consistent with prior years. With the threat of storms and hurricanes eminent in this area, there is always the need for an emergency levee repair or pump repair. The repairs are projected to be minimal for the next year. All operations for the next year are to continue the same as prior years.

Board of Commissioners  
St. Tammany Parish Drainage District No. 2  
St. Tammany Parish Government  
Slidell, Louisiana

We have compiled the accompanying financial statements of governmental activities, each major fund, and the aggregate remaining fund information of the St. Tammany Parish Drainage District No. 2, a component unit of the St. Tammany Parish Government, as of and for the year ended December 31, 2004, which collectively comprise the Drainage District's basic financial statements as listed in the table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management of the St. Tammany Parish Drainage District Number Two. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

The management's discussion and analysis and budgetary comparison information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have compiled the supplementary information from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report, dated May 12, 2005, on the results of our agreed-upon procedures.

SLIDELL, LOUISIANA**

Notes to the Financial Statements

As of and for the Year Ended December 31, 2004

**INTRODUCTION**

In accordance with R.S. 1674.15, St Tammany Parish Drainage District No. 2 (Drainage District) was created and given authority to accept and approve any and all drainage facilities constructed at the expense of landowners within the assessment area and donation thereof. According to R.S. 1608, the St Tammany Parish Government is to appoint five commissioners, who shall constitute the governing authority of the Drainage District. The Commissioners will oversee the operations and maintenance of levees and drainage in district number two as well as upkeep and maintenance of the drainage facilities. In order to accomplish the operations of the district, the commissioners may impose annually an acreage tax. The commissioners are not compensated and the Drainage District does not have any employees. The Drainage District number two serves the area east of Interstate ten, approximately twenty five hundred acres.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Drainage District is considered a component unit of the St. Tammany Parish Government. As a component unit, the accompanying financial statements are included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the Drainage District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meetings the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Financial statements are provided for governmental funds. All individual governmental funds are reported as separate columns in the fund financial statements.

 Slidell, Louisiana  
 Notes to the Financial Statements (Continued)

**B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Drainage District reports the following governmental funds:

The General Fund – Special Revenue Fund is the entity's primary operating fund. It accounts for all financial resources of the entity, except those required to be accounted for in another fund.

Account Group – General Fixed Assets Account Group – Used to account for all fixed assets of the Drainage District.

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, then unrestricted resources as they are needed.

**C. Deposits and Investments**

The entity's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the Drainage District's investment policy allow the entity to invest in collateralized certificates of deposits, government back securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities.

Investments for the Drainage District are reported at fair value. The state investment pool (LAMP) operates in accordance with state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares. The Drainage District currently has no investments.

**D. Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" or "advances to/from other funds". All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources

All trade and property tax receivables are show net of an allowance for uncollectives. The Drainage District has a past history of collecting all the assessed property taxes, so an allowance for uncollectible receivables is not used.

Property taxes are levied on a calendar year basis and become due on January 1 of each year. The following is a summary of authorized and levied ad valorem taxes:

	Authorized Millage	Levied Millage	Expiration Date
Taxes due for:			
Property	18.2	18.2	Yearly
Principal and interest			

St. Tammany Parish Drainage District No. 2  
 Slidell, Louisiana  
 Notes to the Financial Statements (Continued)

**G. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost if historical cost is not available capital assets are capitalized at estimated fair market value. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Drainage District maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and building improvements	40 years
Equipment	30 years

**J. Fund Equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

**K. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the Drainage District, which are either unusual in nature or infrequent in occurrence.

**L. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

**2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

*BUDGET INFORMATION*

The Drainage District uses the following budget practices:

The Drainage District prepares the budget on a calendar year basis. The 2004 budget was adopted in October 2, 2003 according to the Local Governmental Budget Act. The budget is created and managed on a non-GAAP budgetary basis. For the year ending December 31, 2004, there were no excess expenditures over appropriations.

**3. CASH AND CASH EQUIVALENTS**

At December 31, 2004, the Drainage District has cash and cash equivalents totaling \$16,807.65 as follows:

Notes to the Financial Statements (Continued)

• Demand deposits	\$
Interest-bearing demand deposits	<u>16,807.65</u>
Time deposits	
Other	
Total	<u>\$ 16,807.65</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2004, the Drainage District has \$11,558.81 in deposits. These deposits are secured from risk by \$100,000 of federal deposit insurance.

## 5. RECEIVABLES

The receivables of \$46,835.04 at December 31, 2004, are as follows:

**INDEPENDENT ACCOUNTANT'S REPORT  
ON APPLYING AGREED-UPON PROCEDURES**

To the Board of Commissioners  
St. Tammany Parish Drainage District No. 2  
St. Tammany Parish Government  
Slidell, Louisiana

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of St. Tammany Parish Drainage District No. 2 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about St. Tammany Parish Drainage District No. 2's compliance with certain laws and regulations during the year ended December 31, 2004 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

***Public Bid Law***

1. Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There were **no** expenditures let for material and supplies exceeding \$ 15,000. There were **no** public works let in the year 2004 exceeding \$ 100,000.

***Code of Ethics for Public Officials and Public Employees***

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list.

3. Obtain from management a listing of all employees paid during the period under examination.

No employees in 2004.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained management in agreed-upon procedure (2) as immediate family members.

No employees in 2004.

### ***Budgeting***

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the budget.

6. Trace the budget adoption and amendments to the minute book.

I was able to trace formal adoption of the budget for 2004 to the minutes, and there were no amendments to the Budget.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

In comparing actual revenues and expenditures to budgeted amounts, I found actual total expenditures did not exceed total budgeted expenditures by more than 5%. Actual total revenues exceeded total budgetary revenues by more than 5%.

### ***Accounting and Reporting***

8. Randomly select 6 disbursements made during the period under examination and:

- a) Trace payments to supporting documentation as to proper amount and payee.

I examined supporting documentation for each of the selected disbursements and found that payment was for the correct amount and to the correct payee.

- b) Determine if payments were properly coded to the correct fund and general ledger account: and

The payments were properly coded to correct fund and general ledger accounts.

- c) Determine whether payments received approval from proper authorities.

All payments, received approval as evidenced in minutes.

### **Meetings**

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

St. Tammany Parish Drainage District No. 2 is only required to post a notice of each meeting and the accompanying agenda at the building in which the meeting is held.

Management asserted that notices were properly posted; I did not observe evidence of such. However, meeting notices and agendas were found in the minutes file.

### **Debt**

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

I inspected copies of all bank deposits for the period under examination and noted no deposits, which appeared to be proceeds of bank loans, bonds, or like indebtedness.

### **Advances and Bonuses**

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees, which may constitute bonuses, advance, or gifts.

No employees. The minutes did not approve of any such payment.

We were not engaged to, and did not; perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of St. Tammany Parish Drainage District No. 2 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
